## Bill Blasdale Honored

A happy group of town officials joined representatives from the State government in honoring Chairman R. William Blasdale of the Mattapoisett Board of Selectmen as he completes 6 years of service on that board. Fifty-eight people gathered for a buffet at Thad's Restaurant in New Bedford on Friday, March 20th, for the event. Senator William Q. MacLean, Jr. presented a Massachusetts Senate official citation in recognition of outstanding service

to the people of Mattapoisett. Representative Walter Silveira, Jr. presented Mr. Blasdale with a Massachusetts House resolution commending his service. Representative Charles Decas spoke in recognition of Mr. Blasdale's service.

## A Word of Appreciation

Editorial DCJ

In many cases a resolution by both the Massachusetts House of Representatives and Senate would be a hard act to follow. In this instance, however, I think we can be allowed to add a word or two from the grass roots. Mattapoisett has, historically, been well served by its citizens in public life. In my view, it's the pure kind of political service stemming from the very beginning of our Republic. Citizen volunteers who take on all the various employments of governing our town offer skills and talents that ordinarily would be beyond the means of a town the size of Mattapoisett. Most valuable of all are these various people who fill our Boards and Committees. This is time over and above the busy schedule of the vocational day. The time spent in the service of a town can be considerable. In his past 6 years as Selectman, Bill Blasdale has been involved with a large segment of our collective good. Not the least of this has been the planning and installation of the Mattapoisett sewer

### FILING FOR ROCHESTER MARRIAGE LICENSES

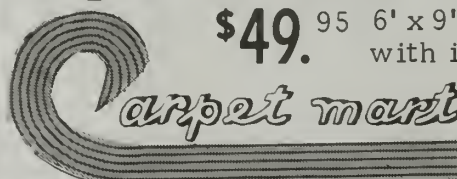

It is very important to file Marriage Intentions two weeks prior to the wedding date. There is a three-day waiting period after the intentions have been filed before the Marriage License can be picked up and this should be done ONE WEEK prior to the wedding date. It occurs over and over again that the license is left to the last minute.

### ROADHOUSE LIQUOR LICENSE REVOKED

Mattapoisett Selectmen leveled 11 charges  
against the operators of the King of the  
Road d/b/a The Roadhouse and revoked the  
license of that establishment after a hear-  
ing March 17. Despite more than adequate  
notice, one given in person to Peter Gordon  
by the Selectmen, another delivered by  
hand to the management by the Police De-

partment and by certified mail, no repre-  
sentative of the Roadhouse appeared at this  
hearing.

Police Lt. James Moran read a series of  
police reports covering incidents on various  
Drink or Drown nights where for a flat fee  
of \$5. a plastic cup was sold to be filled  
all night with alcoholic beverage. The  
multiple charges included various disorderly

loud noise in the parking lot, fights, serving minors, and the sale of alcoholic beverage for a flat sum conducive to disorder and public nuisance. Next door neighbors Mr. and Mrs. Rusinoski said that they had repeatedly been disturbed by excessive noise and arguments in the parking lot and had called police on numerous occasions to quell disturbances. The Selectmen voted unanimously to revoke the license.

### ENGINEER REPORTS ON GRANT

Tighe & Bond engineer Ron Michalski conferred with the Board of Selectmen on the Mattapoisett grant application regarding the upgrading of septic systems. He said that Federal Budget cuts may involve such grants. If the grant is approved for fund-

ing, he said, the start of the survey will depend on the dryness of the Spring. He said that there is no guarantee that the survey can be finished by Spring 1982. If the grant is received in the next few weeks a public hearing will be scheduled.

Selectman John DeCosta requested that the grant study include a sampling of Mattapoisett River water to be certain that the town water source is protected from any possible pollution. Michalski replied that Mattapoisett River sampling points are included in the grant application as well as other streams in the town.

Mr. Michalski also brought a pumping station problem to the Selectmen's attention. He said that during the recent heavy rain the pumping station was pumping twice the water that it should be indicating that drains and sump pumps are still tied into the sewer line. Selectmen will direct an investigation of this problem. Michalski said that he is now working with the pump manufacturer on shaft problems in one of the pumping station pumps. A sum has been withheld from the pumping station contract pending resolution of this shaft problem.

## Book Review

BY REV. PAUL MYERS

AMISH SOCIETY by John A. Hostetler

Would you like to get to know a people whose way of life, manner of dress and even

standard of values are very different from anything you have known? There is such a people not more than 350 miles from here, and the best way to absorb a little bit of the externals of their way of life is to take Route 340 from Doylestown, Pa. to Lancaster, Pa. which passes through miles of their orderly farms and villages. However, we shall never really get to know them this way. There is an easier way. There is a book in the Mattapoisett Public Library entitled "Amish Society", written by John A. Hostetler. It is in its third edition and

taxing, here are a few tax  
tips for investors:

\* You can't deduct  
capital losses if you buy  
back the same security with-  
in 30 days before or 30 days  
after your loss sale. This tax  
rule is called the "Wash Sale  
Rule."

\* You can deduct up  
to \$3,000 in capital losses  
against your other income,  
such as your salary, divi-  
dends and interest income.  
According to experts at the  
investment firm of Bache  
Halsey Stuart Shields, under-  
standing this and other tax  
laws can help you plan the  
best investment strategy.

\* You can "roll over"  
a lump sum distribution  
from your company's profit-  
sharing plan or pension plan  
—tax free.

\* Short-term capital  
losses are more valuable tax-  
wise than long-term losses.

"The Civilizing Process: The Humanities and Comparative Studies" will be the subject of a talk by Prof. Magali M. Carrera of Southeastern Massachusetts University's department of art history on Thursday, March 26, at 4 p.m. in the south lounge of the SMU library.

"The humanities (liberal arts) do not humanize or liberalize; instead, they civilize," says Dr. Carrera. "The civilized individual is one who can be distinguished or differentiated by manners, behavior, and edu-

BUTTON DOWN  
TATTERSALL  
SOLIDS  
STRIPES

Today, it seems like most every famous designer has put his name on a shirt.

The problem is that great designers aren't often great shirtmakers.

And one by one the shirtmakers who became famous for the quality of their shirts disappeared. Except for one.

It's easy to see the difference in Sero quality. And it's easy to understand the reason for the difference. Today, Sero makes their shirts the same way they made them 35 years ago. Carefully and painstakingly. And they still make them where they can keep an eye on quality.
